ZAYA INTEGRATED SOLUTIONS INDIA PRIVATE LIMITED

(Subsidiary of Zaya Integrated Solutions, Fujairh - UAE)

About Zaya integrated solutions India Private Limited, Indira Nagar, Bangalore

Zaya Integrated Solutions UAE, incorporated in 2014, right from the time of inception to this day, the company has grown in leaps and bounds and has become a most preferred fire and safety service provider, resulting in the execution of over 100 projects of different end use, including high raised towers. Also servicing over 200 AMC contracts within this short time span. The Company is one of the most favored Service provider & employers with 50 employees working together to provide the best customer experience.

The company never compromises on any regulatory requirements, hence equally popular among the civil defense authorities and clients. We have a long list of loyal clientele which we have earned mainly due to the reliable and quality service provided by our team.

Due to the requests from our existing client Zaya has also forayed into HVAC vertical, Facility management & vehicle surveillance recently.

We are very happy to announce that , Zaya integrated solutions is now expanding its wings to Bangalore by having a subsidiary company “ Zaya Integrated solutions India Private Limited located in Indira nagar , under the able leadership of its founders who are basically Air warriors retired from Indian Air force after serving the nation for 15 long years and having overall 35 years rich experience which is not limited to fire and safety systems, also extends much more of a commercial establishment. They are well versed in the management of manufacturing plants, project management and implementation of industry 4.0 in factories to foster cost optimization and Turnaround solutions for Corporates.

The company shall adhere to all best practices of Indian and as well as international standards in fire and safety systems, by deploying competent staff & technicians trained in UAE and India and follow the path already created by the parent company in UAE , to become a most favored service provider and employer in India.

Zaya has already made its presence felt in Doddballapura villages and Abbigere Bangalore on a humanitarian mission from the last 2 years under its CSR programmes. The company issued rations for 500 families during lock down and conducted 25 Cancer screening camps collaborating with Cancer Care India. The programme would continue in the coming months.
